EDUCATION	
Sept 2025	Bachelor of Science in Information Technology, Bahria University, Islamabad Islamabad - Relevant coursework: Object-Oriented Programming (C++), Digital Design, Information & Communication Technology, Discrete Maths, Professional Practices & Ethics, Probability & Statistics. - Capstone project: Designed and implemented a C++ based Sentiment Analyzer application focusing on NLP concepts and text analysis; included program testing and Git-based version control. - Technical skills developed: C++, Git, MS Access, HTML5, CSS3, PHP, LaTeX, debugging, and software testing. - Worked in team-based projects using Agile practices; prepared technical documentation and presented project demonstrations.

- Completed Matriculation and Intermediate with emphasis on Mathematics, Physics and English.
- Extracurriculars: Participated in the school chess club and science fairs, developing teamwork, project presentation and time-management skills.

CERTIFICATIONS &
AWARDS

- LearnOBots Robotics Workshop, participant in hands-on robotics projects
- Hack Your Stack Workshop, TeamYODA
- Runner-Up, IEEE Digital Logic Design Project Exhibition
- 3rd Place, IEEE Object-Oriented Programming Project Exhibition
